Intermediate

NAVJEEVAN SCIENCE SCHOOL RBSE

Score: 84%

2019-20--
B.Tech (Pursuing)

RUSTAM JI INSTITUTE OF TECHNOLOGY

Score: 8.56 CGPA till 5th sem

PROJECTS

GUESS MY NUM-
BER

HTML, CSS AND JAVASCRIPT

~I created a working web app/game using Html , css and javascript and hosted it on github.

~Its a fully functioning game of Guess my number with great UI in which you have to guess a number between 1&20.

~In this game there is a section of scores which includes score, highscore, and a function that tells whether your number is too low or too high.

~Everytime you guess wrong number score will decrease by 1, if you guess after some try then your score will be stored in highscore.

~When you guess the correct number background turn into green and there is a reset button also to reset your game completely.

~In this project i only used javascript DOM manipulation to manipulate data accordingly.

BAATKARO.COM
(webApp)

HTML, CSS AND JAVASCRIPT

~Social webapp like facebook, added 3 section first is for news and watch, second is feed/post and the third section is for events and chat section.

~Added a working dark mode button using javascript.

~Added a profile section

HOBBIES & STRENGTH

Hobbies

Exploring technology.
Creating new designs.
Playing mobile games.

Strength

Working in pressure.
Time management.
Good communication skills.
